

# ASDAN: Malpractice and Maladministration Whistleblowing Policy

## INTRODUCTION

ASDAN is a charitable social enterprise with awarding organisation status, providing courses to thousands of UK and international schools, colleges, youth centres and training providers. We take very seriously our responsibilities for protecting the delivery, award and integrity of our qualifications, and comply with the Regulators' Conditions of Recognition in providing policies and procedures for dealing with instances of malpractice and maladministration.

This whistleblowing policy is aimed at learners, tutors/assessors, centre staff including managers and administrators or other members of the public who may become aware of a potential instance of malpractice or maladministration in relation to an ASDAN qualification.

Information about ASDAN may be found on our website: <http://www.asdan.org.uk>

A separate policy exists for ASDAN staff and associates who are asked to consult the ASDAN Staff handbook or Staff Extranet.

All those accessing/reading/using this policy should be mindful of the national regulators' requirements (Ofqual, Qualifications Wales, CCEA) which may be readily found at:

## Definitions:

### 1. Whistleblowing (Ofqual)

Whistleblowing is a term used when an individual raises a genuine concern about suspected malpractice or wrongdoing and/or the covering up of malpractice or wrongdoing that they become aware of through their work. The malpractice or wrongdoing often affects others, for example customers or members of the public. Whistleblowing is distinct from both complaints and employment disputes or grievances that an individual may have.

### 2. Malpractice

The breach of any published regulation or Code of Practice and actions which would damage the reputation and worth of ASDAN qualifications if not addressed and which might include:

- A criminal offence such as bribery to influence assessment results
- Cheating in set assessment conditions
- Copying the work of others and claiming it as original work (plagiarism) whether sourced from individuals or sources of the work of others such as the Internet and where there is no acknowledgement of the use of such sources
- Altering or otherwise falsifying assessment records to deliberately change the achievements of learners

## NOTE: Complaints and Appeals

Whistleblowing does not apply to either making a complaint or an appeal. A complaint is usually a

grievance and could relate to poor administration or customer service.

Appeals are generally made against the outcomes of assessment where it is felt that the gap between the expected and actual result is far greater than was anticipated.

Appeals against external moderation decisions must be made through ASDAN's Policy and Procedures for Enquiries and Appeals.

(For internally assessed, externally moderated qualifications ASDAN expects that the vast majority of appeals made by learners will be resolved within the centre making the assessments and in which the external moderation is applied. Centres are required to have Enquiries and Appeals policies and procedures in place for all ASDAN qualifications.)

Guidance on Centre Appeals Processes and/or making a complaint may be obtained through contacting ASDAN at [info@asdan.org.uk](mailto:info@asdan.org.uk) or the ASDAN website [www.asdan.org.uk](http://www.asdan.org.uk).

## WHISTLEBLOWING PROCEDURE

### Raising a Concern

#### Stage 1

Whatever the circumstance, where there is a concern that malpractice has taken place in relation to ASDAN qualifications, normal practice is to raise it through the line management of the organisation concerned. For a learner/candidate the first point of contact would be their main tutor or assessor.

#### Stage 2

If your concerns are not addressed at this stage, or you feel it is not possible to raise concerns internally then you should contact and address your concerns direct to ASDAN's Regulation Manager via the ASDAN Whistleblowing form which is attached here as Annex A and which may also be found separately on the website ([www.asdan.org.uk](http://www.asdan.org.uk)).

### ASDAN Response Procedure

#### Stage 3

ASDAN will evaluate your concern and may ask you for more evidence/information using the contact details you provided on the ASDAN Whistleblowing Form.

ASDAN will decide whether and how to pursue the issue expressed by you. You will receive an update on any course of action taken by ASDAN within 5 working days of receiving your concern.

ASDAN will inform the regulator/s of the issue raised, as appropriate, and the course of action to be taken.

Upon conclusion of any investigation, ASDAN will provide you with a summary update of outcomes given the need to protect confidentiality. This will be done within ten working days of the conclusion of the investigation.

Where any serious issues are proven, the regulator/s will be provided with full details of the investigation/evaluation and other awarding organisations offering the same or similar
