Guidance for assessing PSD

Introduction to the qualifications

ASDAN's Personal and Social Development (PSD) qualifications are available at five levels: Entry 1, Entry 2, Entry 3, Level 1 and Level 2.

They are accredited by Ofqual, Qualifications Wales and CCEA and listed in England and Northern Ireland in the Register of Regulated Qualifications. In Wales they appear in the Qualifications in Wales (QiW) database.

The ASDAN Entry level qualifications in PSD embrace personal, social, health, citizenship and ICT, and enable candidates to develop skills that prepare them for independence and working life. They offer imaginative ways of supporting young people in becoming confident individuals who are physically, emotionally and socially healthy, being responsible citizens who make a positive contribution to society and embrace change and managing risk together with their own wellbeing, as well as introducing them to new activities and personal challenges.

The qualifications are available for learners pre and post-16 and can be taught in schools, colleges, residential centres, training providers, PRUs, secure units and other local authority and independent provision.

Structure of qualifications (see table opposite)

- There are a number of units available at each level.
- Each unit is credit-rated (1 credit is broadly equivalent to 10 hours of learning)
- Single unit accreditation is available.

Including units from the level above and below

Candidates normally complete all units at the same level, but there is flexibility to choose units from the level above or below the qualification outcome, if appropriate.

For a full Award qualification (6 credits) the candidate must achieve a minimum of 4 credits at the level of the qualification outcome. The remaining credits can come from the level below or above.

For a full Certificate qualification (13 credits) the candidate must achieve a minimum of 7 credits at the level of the qualification outcome. The remaining credits can come from the level below or above.

The full specifications can be downloaded from the PSD members area of the ASDAN website: www.asdan.org.uk.

Unit CAE1:

Community Action

Aim	This unit encourages candidates to recognise and access local community advice centres and to understand the importance of asking for help.		
Level	Entry 1	Credit value	2
Learning outcomes The learner will:	Assessment criteria The learner can:		
E1.1 Recognise who to go to for help	E1.1.1 Identify who can give them help/advice in their centre or in their local community		
E1.2 Be able to demonstrate how they can access help	E1.2.1 Identify a situation where they might need help E1.2.2 Demonstrate how to get help in their centre or in their local community		

At this level...

When in a familiar environment, Entry 1 candidates should be able to recognise when they need help and who they could get it from in their centre and local community. They should be capable of understanding what is meant by 'their centre' and 'local community' and be capable of showing how they would get help if they needed it.

Sample

Guidance for Entry 1: Community Action (CAE1)

Assessment and evidence

CA E1.1 Tutors should ask the candidates to identify what is meant by 'their centre' and should introduce the idea of 'local community'. Candidates should then be given the opportunity to discuss and agree what these ideas mean and how they differ.

Candidates must provide evidence to show that they know who they could get help from in their centre or local community; tutors should work with learners to identify relevant sources of help. A range of scenarios and sources of help should be discussed so that individuals can identify the sources that are relevant to their particular needs and to help them to provide valid evidence for CA E1.2 (see below).

Recommended evidence:

- 'who's who' booklet
or
poster

CA E1.2 Candidates should be guided to think about different situations where they might need to ask someone for help (e.g. if they are lost, if transport does not turn up, if someone is bullying them). They should be encouraged to describe a real situation when they have asked for help, or situations when they would need to do so.

Each candidate will need to show that they can actively seek help in their centre or local community (i.e. it is not enough to passively accept help if it is offered). Tutors should work with candidates to identify the process involved in getting help. This process should include:

- identifying the problem
- identifying who to go to for help and where to go
- stating or showing someone the problem

Role play is useful to help candidates put their understanding into practice but, if at all possible, naturally occurring opportunities should be used to produce evidence for this learning outcome.

Recommended evidence:

- diary/log demonstrating how the candidate accessed help in their centre or local community (verified by a witness)
or
description of a situation when the candidate needed help and asked for it from an appropriate person (verified by a witness)
or
annotated photographs/video evidence of the candidate's contribution to a role play* of a situation in which they might need help

**If using role plays as evidence, the PSD Entry Observation Record (available to download from the PSD Entry members area of the ASDAN website) should also be included.*

Unit CAE2: Community Action

Aim	This unit encourages candidates to participate in local community activities and to understand the benefits of these activities for the community.		
Level	Entry 2	Credit value	2
Learning outcomes The learner will:	Assessment criteria The learner can:		
E2.1 Recognise local community groups	E2.1.1 Identify a community group in their local area and what it does		
E2.2 Be able to demonstrate how they participate in community activities	E2.2.1 Participate in a community activity that is relevant to them E2.2.2 Identify how this activity benefits others		

At this level...

At Entry 2 candidates should be capable of understanding what is meant by 'local community' and of recognising how community activities are beneficial. With appropriate support, they should be capable of participating in community activities in familiar contexts.

Sample

Guidance for Entry 2: Community Action (CAE2)

Assessment and evidence

CA E2.1 Tutors should introduce the idea of ‘local community’ and give candidates the opportunity to discuss and agree what this means. Candidates should also be given the opportunity to talk about different community groups in their local area.

They will need to show that they know about **at least one** local community group and should be able to say what it does (e.g. school, street, religious group, sports/youth/leisure club, charity, voluntary group). It is recommended that individuals select a group that is of particular interest to them and one that they could use to provide evidence for E2.2 (see below).

Recommended evidence:

- notes on a local community group describing what it does
or
mind map showing the work or activities of a community group
or
poster showing the work or activities of a community group

CA E2.2 Candidates should find out more about the specific activities carried out by **one or more** local community groups. They should then choose **one** group whose activities interest them and participate in a community activity over a period of time (e.g. attending a weekly youth club for a month, helping with fundraising events to support a local charity). Evidence should show that the candidate has engaged in community activities for **at least ten hours** overall.

Tutors should make sure that an appropriate level of support is available to enable candidates to participate successfully in community activities. To meet the requirements of this learning outcome, it is not acceptable to simply visit a community group or resource.

Candidates should keep an activity log/diary to record what they do, or produce a photographic/video record of their participation. If a log/diary is used as evidence, the content should cover a **minimum of ten hours** of activity.

Having worked with their chosen group, candidates should be helped to review their experiences and recognise how the community activity benefits others (e.g. the group organised a car boot sale and the money was given to the local school to buy books).

Recommended evidence:

- activity log/diary (verified by a witness) recording the candidate’s participation in a community activity for the required period of time
or
annotated photographs/video evidence of the candidate taking part in a community activity (with a witness statement confirming a **minimum of ten hours** of participation)

plus

- candidate statement identifying how the community activity they have engaged in benefits others

Unit CAE3:

Community Action

Aim	This unit encourages candidates to participate in local community activities and to understand the benefits of these activities for themselves and the community.		
Level	Entry 3	Credit value	2
Learning outcomes The learner will:	Assessment criteria The learner can:		
E3.1 Demonstrate their knowledge of local community groups	E3.1.1 Identify community groups in their local area and what they do		
E3.2 Demonstrate their participation in community activities	E3.2.1 Participate in activities within a local community group E3.2.2 Identify how these activities benefit others E3.2.3 Identify a benefit for themselves from participating in the activities		

At this level...

At Entry 3 candidates should be capable of understanding what is meant by the term 'local community' and of recognising how community activities can benefit themselves and others. With appropriate guidance, they should be capable of participating in community activities in familiar contexts.

Sample

Guidance for Entry 3: Community Action (CAE3)

Assessment and evidence

CA E3.1 Tutors should introduce the idea of ‘local community’ and give candidates the opportunity to discuss and agree what this means. Candidates need to know about different community groups in the local area and be able to say what they do (e.g. school, street, religious group, sports/youth/leisure club, charity, voluntary group).

Each candidate must provide evidence that they know about the work of **at least two** different groups; it is recommended that individuals select groups of particular interest to them that they could use to evidence their participation in community activities for E3.2 (see below).

Recommended evidence:

- notes on **at least two** local community groups describing what each does (produced by the candidate)
- or**
- directory of local community groups, giving contact details and describing what each group does (produced by the candidate)

CA E3.2 Candidates should find out more about the specific activities carried out by **one or more** local community groups. They should then choose **one** group they are interested in and participate in the group’s activities over a period of time; this could be on several occasions (e.g. attending weekly youth club sessions for a month, helping with fundraising events for a local charity). Evidence should show that the candidate has engaged in community activities for **at least ten hours** overall.

Tutors should make sure that an appropriate level of support is available to enable candidates to participate successfully in community activities. To meet the requirements of this learning outcome, it is not acceptable simply to visit a community group or resource.

Candidates should keep an activity log/diary to record what they do, or produce a photographic or video record of their participation. If a log/diary is used as evidence, it should cover a **minimum of ten hours** of activity.

Having worked with their chosen group, candidates should be helped to review their experiences and recognise how their community activities benefit themselves and others.

Recommended evidence:

- activity log/diary that records the candidate’s participation in activities of a community group for the required period of time (verified by a witness)
- or**
- annotated photographs/video evidence of the candidate taking part in a community activity (with a witness statement confirming a **minimum of ten hours** of participation)

plus

- candidate statement identifying how they have personally benefited from their participation in community activities and how these activities have benefited others
