Operational End Date: 31/12/2022

Certification End Date: 31/12/2024

Candidate registrations may not be accepted by ASDAN after the operational end date for a specific qualification if an extension is not obtained from the regulators. However, certification is allowed until the certification end date so that candidates have time to complete any programme of study. At least six months before the operational end date for a qualification, ASDAN will undertake a review of the qualification. This will be done in collaboration with stakeholders in order to take account of any changes necessary to continue to meet their needs. Once this review process is complete, ASDAN will consider the most appropriate course of action, which might include applying to the regulators for an extension to the regulation period, revising or creating a new qualification or withdrawing the qualification. Information relating to changes or extensions to qualifications will be posted on the ASDAN website www.asdan.org.uk.

5. Objective of the qualification

The ASDAN Level 1 Award of Personal Effectiveness (AoPE) is a substantial and wide-ranging qualification which enables candidates to develop and demonstrate a range of personal, key and employability skills, leading to personal effectiveness. The purpose is to develop generic personal, learning and thinking skills through a broad range of enrichment activities provided by ASDAN challenges. The AoPE assessment units encourage the development of the skills required for progression to further education, training or employment.

6. Staffing requirements

This section is provided to give some guidance on the experience and qualifications needed to deliver and assess these qualifications; it is not however intended to be exhaustive or definitive. Examples of relevant qualifications and occupational backgrounds are given as benchmarks.
